

Lisa Weaver

Vice President, Business Development & Strategic Planning

Lisa Weaver serves as Vice President of Business Development and Strategic Planning for Mission Hospital and Mission Hospital Laguna Beach, and has been with Mission since 1993. Her responsibilities include exploring and evaluating hospital programs and services while working with clinical directors to ensure the delivery of the best quality healthcare.

Weaver oversees physician recruitment and relations within Mission Hospital's service area, as well as works collaboratively with the St. Joseph Health System on contracting with health insurance plans such as health maintenance organizations (HMO) and preferred provider organizations (PPO). She has been successful in evaluating and helping to establish various new programs at Mission Hospital.

Weaver has also worked to successfully recruit key specialty providers in the areas of neurosurgery, orthopedics, and perinatology, to assure that our community has access to highly qualified, trained physicians. She was also instrumental in leading the efforts to establish a structure for the overall strategic planning and service line planning process.

Weaver is also a member of the American College of Healthcare Executives and the Healthcare Financial Management Association. Weaver received her bachelor's degree in finance from California State University, Fullerton.
